Why commit to becoming a Leadership Network Associate?

Leadership Network has been a crucial part in pushing the church forward and continuing to reach more people for Christ in new places, and in new ways. As a young leader, it's truly an honor to sit and learn alongside so many others as well as continue to push the conversation forward and pioneer new ways the Church can reach and impact the world.

What do you envision your contribution to be for churches?

I want to help the Church strive for authenticity in its approach. Doing this means we all have to be in tune with what Christ is speaking to us. God is speaking to his leaders across the country and across the globe - downloading new dreams and new approaches in our hearts. Leaders need the courage to follow those dreams. Methods change, but the message never does.
